FARGO® DTC1250e Photo ID System

An incredibly simple, all-inclusive system for creating ID cards

The HID FARGO DTC1250e Photo ID System is an effortless way to produce great looking photo ID cards. It is a complete, easy-to-use solution that includes a single-sided DTC1250e printer/encoder, fully featured Asure ID® Solo photo ID software with two-year protect plan coverage, a USB digital camera, starter supplies and a three-year* printer warranty.

SIMPLE AND AFFORDABLE WITH HIGH-QUALITY OUTPUT

The DTC1250e Photo ID System produces high-quality, durable and great-looking ID cards at an affordable price — without the complexity of other identity card systems. Set-up takes just a few minutes with the included ID software and the printing procedure is extremely easy to learn. The DTC1250e printer/encoder is also exceptionally reliable, with virtually no maintenance required, allowing you to produce card after card with the minimum amount of fuss.

VERSATILE, HASSLE-FREE CARD PRINTING

The DTC1250e prints on several different types of ID cards, including the thin, flexible cards used for healthcare and transit systems, smart cards with embedded electronics and rewritable cards that help eliminate the waste of single-use visitor badges. Choose from an easy-loading, all-in-one color ribbon cartridge (EZ), or a more economical and eco-friendly refill ribbon (ECO). Only FARGO direct-to-card printers provide this level of flexibility, enabling users to make the best choice for their program needs.

MULTIPLE DESIGN OPTIONS

Asure ID Solo photo ID software supports template design, printing and record management. Easy to use and easy to learn, the software is loaded with useful features to improve the issuance and management of basic photo IDs.

GREAT RESULTS FROM THE MOMENT YOU OPEN THE BOX

Creating photo IDs that are durable, secure and visually appealing is easy with the DTC1250e Photo ID System — the best choice for a simple, money-saving, all-in-one solution.

SYSTEM INCLUDES:

HID

The FARGO DTC1250e Photo ID System includes everything you see here

① FARGO DTC1250E PRINTER/ENCODER. Single-sided, edge-to-edge card printing. Full-color, continuous-tone printing at 300 dpi (11.8 dots/mm). Capable of rewritable card printing (monochrome only) on HID rewritable card stock.

② ASURE ID SOLO CARD DESIGN AND PRODUCTION SOFTWARE. Powerful yet easy-to-use photo ID card software with advanced card design and batch printing capabilities. The DTC1250e also comes with FARGO Workbench, a software toolkit for printer set-up, diagnostics and firmware upgrades.

③ USB DIGITAL WEB CAMERA. Minimum two-megapixel camera makes capturing cardholder photos quick and easy.

④ FULL-COLOR RIBBON. Print 250 card images (YMCKO with integrated cleaning roller).

⑤ ONE PACK OF THREE CARD-CLEANING ROLLERS. Ensure cards are free of debris for flawless finished credentials.

⑥ 100 ULTRACARD PVC CARDS. Design and produce ID cards right away.

⑦ USB CABLE. Connect the DTC1250e printer/encoder to your computer.

The DTC1250e Photo ID System also includes:
- Three-year* printer warranty
- Two-year free Asure ID software technical support
- FARGO Workbench diagnostic utility to facilitate printer maintenance and Color Assist tool to match spot colors, ensuring accurate prints of graphics, such as company logos

*Three-year warranty available on printers and printheads with completion of online printer registration.
(Two-year warranty standard on both printer and printheads without online printer registration.)
